Purpose / Description:

In the expansive landscape of North-West Nigeria, communities grapple with multifaceted challenges that impact the livelihoods of individuals and the sustainability of cooperatives. The region faces issues ranging from agricultural limitations due to climate variability and economic vulnerabilities stemming from insecurity.

In response to these challenges, WANEP-Nigeria through funding from donors seeks to enhance livelihoods across target communities of Kaduna and Katsina States in the North-West Region of Nigeria. A cornerstone of this intervention is the focus on agricultural value chain, including the provision of high-yield seedlings, fertilizers, and farming equipment's and tools. These initiatives are designed to increase agricultural productivity, ensure food security and income generation for both individuals and cooperatives.

In view of this, WANEP-Nigeria through funding from International Agencies to engage firms/service providers to provide agricultural processing machines, sewing machines/tailoring accessories and fertilizers for target locations in Katsina and Kaduna States.
